*We acknowledge with gratitude that we worship on the traditional lands of the Wathaurong people of the Kulin nation & we pay our respects to their elders past & present*

## Project summary

St George the Martyr Anglican Church in Queenscliff is architecturally, historically and socially significant. Both the Church and Parish Hall are included on the Victorian Heritage Database and the Church is listed as of “State significance”. The Church was opened in 1864 and is loved and cherished by the community. The Church precinct includes the equally significant Old School or Parish Hall that is used for cultural and arts activities - with potential for much more.

However, due to age and deterioration, it is time to restore many elements of the Church. The Restoration Committee has employed Conservation Studio as our Heritage architects and they have prepared a comprehensive Conditions Assessment & Recommendations Report. This Report has identified essential works to maintain and restore the Church. The restoration comprises eight stages, of which Stage 1 has been completed with the assistance of the Victorian Government.

Stage 1	\$110,000	Grant from Heritage Victoria	Porch Tower: Urgent roof remediation Completed
Stage 2	\$150,000	Loan application to Diocese of Melbourne	Porch Tower: Internal masonry repair & bell remediations
Stage 3	\$400,000		Porch Tower: Conservation works to facade eg. Replace crumbling masonry
Stage 4	\$1,500,000		Remediation works for whole Church associated with rising damp
Stage 5	\$500,000		Amenity & DDA access
Stage 6	\$150,000		Heating system
Stage 7	\$1,600,000		Conservation work to facade of whole Church
Stage 8	\$1,000,000		Conservation works to internal space

**We seek your help to complete all stages of the project**

**Together we can reach this goal**
